

GRISSOM AFB

Located in Miami County, Indiana, serves as a pivotal military installation and a focal point for Kindred influence in the region. Originally established as Bunker Hill Air Force Base in 1942, it was renamed Grissom Air Force Base in 1968 in honor of astronaut Virgil "Gus" Grissom, who perished in the Apollo 1 spacecraft fire. The base boasts a rich history of military operations, from its role in World War II to its continued service as a strategic hub for the United States Air Force.

Note: The Storyteller may deny requested uses of Military equipment/weapons if they do not align with what is going on in the game. For example, if you are wanting to use a combat air patrol to strike someone's Haven, that might be denied due to the haven being in town or too close to civilians. The effects of this Loreshheet are best used against NPCs. Frivolous uses too often can result in losing access to this Loreshheet.
